220+

IDEAL FOR WEANERS 220KG+ FOR MAXIMUM GROWTH AND DEVELOPMENT WHILE GRAZING PASTURES. DESIGNED FOR CATTLE AS A PROGRESSION FROM 150+ SUPPLEMENT

220+ is designed for older weaners that have a more developed rumen with a continued growth and development to set them up for optimum performance now and later in life.

It is formulated using the highest quality proteins meals and grains available, with the addition of important vitamins, minerals and additives. 220+ contains extra urea to help increase bacterial protein from the gut as well as crude protein to maximise growth rates and condition. This combination ensures these young grazing cattle are provided with every opportunity to effectively digest and utilise their pasture diet to the best of their ability.

Example of possible nutrient levels

220+ Nutritional Specifications (% as fed basis)	
Urea Equivalent	19.60 %
Crude Protein	8.97 %
Equivalent Crude Protein	56.25 %
